“ Such an amazing service. It was quick and the results were really easy to read. It has really helped my daughter with what she can and can't eat.

“ Extremely useful - pointed out an intolerance to something I ate almost every day that has made all the difference
- Marisa W via Trustedshops ★★★★★

“ I am definitely feeling better already. Whether this is because I am following a dairy-free diet and, therefore, losing weight, or because I am intolerant to milk and have cut it out is yet to be decided but I am definitely getting less headaches so I am pleased so far.
